

Donate to The Jack & Jill Children's Foundation through Revolut

The Jack & Jill Children's Foundation are delighted to join Revolut's 'Donations' feature. This allows Revolut customers to donate quickly and easily through the Revolut app (without fees).

With Revolut Donations, 100% of the money given goes straight to the chosen charity. Revolut users can choose to set up recurring donations, spare change donations, or simply make a one-off donation to the charity of their choice. In light of the COVID-19 crisis, charities around the world have seen a decline in donations due to the cancellation of fundraising and in-person events.

Choose How You Donate

You've got three donation options, which can be found in the 'Marketplace' tab:

- Round up your spare change every time you use your Revolut card and donate the difference
- Set up a recurring donation in any amount
- Make a one-off donation – there's no minimum donation amount. Every little helps make a difference.
